

The Citigroup Biomedical Imaging Center (CBIC) at Weill Cornell Medicine is in the Upper East Side neighborhood of Manhattan. **The facility is located at 516 East 72nd Street, between York Ave. and the FDR drive.** The entrance is clearly marked with both the street number and “Citigroup Biomedical Imaging Center” on the building above the entrance.

The imaging center is closest to the **Q train at 72nd St. and 2nd Ave.**, which is **just 2 avenues away**. It is a 10-15 minute walk to the East 68th Street-Hunter College stop on the 6 train along Lexington Ave. A few bus lines run nearby too: the M72, M31, M102, and M103 all are just a few blocks from the facility.

As you walk toward the East River along 72nd street from any of the public transportation options above, the building will be on your right. When you arrive, **please ring the bell at the entrance to be buzzed into the building.** Let staff at the front desk know you have a Healthy Brain Network scan. They will contact the Healthy Brain Network MRI team to come meet you and take you to the MRI suite.

Call our direct line (347-835-9421) as soon as possible if you have any difficulty finding the facility or are running late!
